

BANNEKER-DOUGLASS MUSEUM
Presents

Author Talk and Book Signing
Blessings Beyond Measure

Join us for this afternoon of strengthening reflection and empowerment at the Banneker-Douglass Museum on June 10, 2017, from 1-3 p.m.

Dr. Annette Mallory Donawa's experience in education spans more than 30 years. She has served as the Director of an Accreditation Commission for alternative medicine (ACAOM), as well as the Deputy Director of a NASA-funded university research grant within the School of Engineering at Morgan State University. Her doctoral research in critical thinking supported the Maryland State Department of Education's science, technology, engineering, and mathematics initiatives. She currently serves on the Johns Hopkins Continuing Medical Education (CME) Advisory Board, and the MOC Portfolio Program Expert Reviewer Panel.

Blessings Beyond Measure will inspire and strengthen you to get through your busy schedules and help you endure tough times. The poems span decades of the author's real-life experiences, from raising young children to facing health challenges. Some poems are uplifting, while some poems question life, emotions, and experiences.

RSVP by June 9, 2017 to bannekerdouglassmuseum@gmail.com or 410-216-6180.

BANNEKER-DOUGLASS MUSEUM
